Title: Selection and Verification of Kenaf Fibres as an Alternative Friction Material Using Weighted Decision Matrix Method
Materials and Design

Dear Dr. Mohd Fadzli Bin Abdollah,

I am pleased to inform you that your paper "Selection and Verification of Kenaf Fibres as an Alternative Friction Material Using Weighted Decision Matrix Method" has been accepted for publication in Materials and Design.

Below are comments from the editor and reviewers.

When your paper is published on ScienceDirect, you want to make sure it gets the attention it deserves. To help you get your message across, Elsevier has developed a new, free service called AudioSlides: brief, webcast-style presentations that are shown (publicly available) next to your published article. This format gives you the opportunity to explain your research in your own words and attract interest. You will receive an invitation email to create an AudioSlides presentation shortly. For more information and examples, please visit <http://www.elsevier.com/audioslides>.

Thank you for submitting your work to Materials and Design.

Yours sincerely,

Kevin Edwards
Editor in Chief
Materials and Design

Comments from the editors and reviewers:

Editor: Thank you for making the latest revisions, which are satisfactory. Your paper is now considered to be acceptable for publication in the journal.
