ADVANCES IN DIGITAL MANAGEMENT SYSTEMS AND SMART APPLICATIONS

In today's rapidly evolving digital landscape, businesses, institutions, and industries must adapt to smarter, more efficient management systems. *Advances in Digital Management Systems and Smart Applications* presents cutting-edge research and practical insights into the latest innovations in digital management, cloud computing, business intelligence, and smart applications.

This book serves as a valuable resource for researchers, industry professionals, and academics seeking to explore the intersection of technology, innovation, and efficiency in digital management. By offering analytical insights and real-world applications, it equips readers with the knowledge to navigate and contribute to the ever-evolving landscape of smart systems and data-driven decision-making.

SYAHIDA MOHTAR is a senior lecturer at the Faculty of Information and Communication Technology (FTMK), Universiti Teknikal Malaysia Melaka (UTeM). She holds a Bachelor's degree in Information Technology from Universiti Kebangsaan Malaysia (UKM), a Master's degree from Universiti Teknologi MARA (UiTM) and a PhD in Software Engineering with a focus on Computer Use from Universiti Malaya (UM). With over two decades of experience in database design and development, Dr. Syahida has taught both the theoretical and practical aspects of the field. She has also supervised numerous diploma and degree students, with a particular emphasis on courses in database design and development.

HIDAYAH RAHMALAN is a Senior Lecturer in the Software Engineering Department, at the Faculty of Information and Communication Technology (FTMK), UTeM. She has been teaching theory and practice in software and database development-related subjects such as System Development, Software Engineering, Databases, Multimedia Databases, Database Design and Database Programming. She obtained her bachelor's degree in Computer Science, and MSc in Computer Science from UTM, Malaysia and Mphil Computer Vision from the University of Southampton, United Kingdom. Currently, she is pursuing her PhD, focusing on research that aligns with her teaching and academic interests. Her work combines a dedication to educational innovation with practical insights, contributing significantly to her department.

NUR ATIKAH ARBAIN is a lecturer at the Faculty of Information and Communication Technology (FTMK), Universiti Teknikal Malaysia Melaka (UTeM). She earned her Bachelor's degree in Computer Science (Database Management) with Honours from UTeM in 2015. She completed her Master of Science in 2016 and her PhD in Information and Communication Technology at UTeM in 2024. Her current research interests include soft computing (algorithms), image processing (feature extraction), Arabic handwriting recognition and databases.

CONTENTS

Dedication	v
Preface.....	ix
Acknowledgement.....	xi
List of Contributors.....	xiii
Introduction	xix
 Chapter 1: Development of E-Parcel Management System Prototype for Mail Unit at Higher Institutions	
<i>Fatin Nur Syamimi Ismaroni and Syahida Mohtar</i>	<i>1</i>
 Chapter 2: Improving Stray Animal Management through the Implementation of "Find Your Pawfect Buddy"	
<i>Fathin Nabilla Md Leza and Quah Jia Yong</i>	<i>21</i>
 Chapter 3: Optimizing Childcare Management with Data Automation, Analytics and Cloud Backup through Kidbuddy Management System	
<i>Nur Adlina Najwa Razali, Nur Atikah Arbain and Norharyati Harum.....</i>	<i>35</i>
 Chapter 4: Energy-Efficient Device Discovery Optimization in 5G D2D Communication using Adaptive Algorithms and Proximity Services	
<i>Irfan Azman and Aslinda Hassan</i>	<i>51</i>
 Chapter 5: Chargesync: An Integrated Mobile Application for Smart Electric Vehicle (EV) Charging	
<i>Sean Eddry Effie Rizal, Noor Hafizah Ismail, Muhammad Shahkhir Mozamir and Mohammad Zahiruddin Ibrahim</i>	<i>67</i>

**Chapter 6: Optimized Web Platform for Managing Credit
Transfers in Direct-Entry Programs**

Hidayah Burhannudin and Hidayah Rahmalan67
